WELCOME TO CRAFT BEER CONFERENCE MALMÖ MARCH 12, 2020

A full-day brewers conference with speakers sharing science and practical experiences to increase quality in microbreweries!

The Swedish and Danish brewing industry is in constant change. In the early 90s there were 40 brewers while today there are more than 1000 brewers producing beverages professionally in Sweden and Denmark.

Would you like an exclusive way of meeting the microbrewers from Sweden and Denmark? We are giving 10 companies the possibility of taking part in the Craft Beer Conference in Malmö 2020.

You will have different opportunities to meet around 80 microbrewers during lunch interval and as well as its own session. Since we have a limited number of 'vendor stands', we will try to avoid duplicating the same product or service offerings.

The participation fee allows two persons from your company to be present at your stand and to attend the conference. You take possession of your stand at 11:00 am on March 12 to meet the delegates during the lunch break and in the afternoon. The conference ends at 5:00 pm with a beer mingle for all involved.
